and then on a 4 – 6 weekly basis**

Tori will be running a group supervision session for 6 participants. Participants are welcome to either bring their own material on this occasion or join in discussion with peers. This is the first of a regular set of group supervision sessions with a closed group - so for those of you who wish to bring clinical material at a later date, there will be opportunities to do so. Future dates and times will be agreed when we meet.
